DEPARTMENT OF TRAINING, PLACEMENT, CONSULTING,
INNOVATION & RESEARCH (DTPCIR)

BITT-G/NOTICE/2022-23/ 10317

Dated: 13/04/2022

NOTICE

All the students of Diploma of EE, ECE, CSE of current session: 2019-22 & pass out sessions: 2018-21, 2017-20, 2016-19, 2015-18 are hereby informed that a company “**BOLT IOT (INVENTROM PRIVATE LIMITED)**” is shortly going to do training & Internships.

BOLT IOT (INVENTROM PRIVATE LIMITED)

The company appreciates the efforts put in by BITT Polytechnic, Ranchi for making online learning possible. The difficulties all go through daily, to make it possible are tremendous. It inspires students to learn effectively even in this pandemic! Premier educational institutions across the country have started online internships to make their students industry ready. Traditionally, we have conducted internships and ensured that they lead to full time job offers as well. They are offering the student partner internship program.

Address: Bolt IoT (Inventrom Private Limited) 79, 11th Cross Rd, Binnamangala, Indiranagar Bengaluru Karnataka-560038 (India)

INTERNSHIPS:

In recent times, Voice Assistants (Alexa and Ok Google!) are in demand. While we normalize living in a pandemic, the number of people using voice assistants is growing exponentially as touch has now become a taboo. Recent research says there will be 8 billion digital voice assistants in use by 2023. Hence, it is no surprise that the corporate world has already begun offering jobs and hiring students who are well equipped with this technology. Since we provide online training to students, we have had various organizations across India; inquire about students trained in building applications for Voice Assistants. Some of these organizations looking to hire during the next internship season are Numadic (An IoT and ML logistics monitoring & fleet tracking platform), Robosoft Systems (Robotics hardware and software development company), Qubiseed Technologies (A developers of healthcare mobile app) etc. **All these companies are hiring for work from home technical internships with a minimum monthly stipend of Rs. 6,000/-.** Keeping this in mind, we have launched a program to train students on building apps for **Voice Assistants like Alexa and Ok Google!** and then connect them with the various organisations to get internships with a stipend.

INTERNSHIPS PROCESS:

We have an internship requirement at our company. I hope we have reached the right person, if not, do forward this mail to the concerned person to take this discussion forward. I have mentioned the details of the internship below:

Educational Qualification: Diploma in all branches (EE, ECE & CSE).

Diploma passing year: current session: 2019-22 & pass out sessions: 2018-21, 2017-20, 2016-19, 2015-18.

Eligibility: Should be studying in Electronics, Electrical, Instrumentation, Computer Science, IT or any other related branch. Students from all years are eligible.

Internship duration: 2 months

Type: Work from home. This means that students could take up the internship even if their college semester is ongoing. Suitable break will be given at the time of exams.

Stipend: We offer a stipend to the students based on their performance during the internship.

Number of Interns: 30

Scholarship program

We also plan to continue our engagement with colleges via our scholarship program. As part of this program, we have selected a few institutes, and that includes 'BITT Polytechnic'. In this email, I want to share more about Bolt's Web Development Scholarship Program.

Better job opportunities:

Web Development are in-demand technologies so hands-on knowledge of these will increase the student's chance of getting a better job offer by manifold.

How to avail the scholarship?

To avail the scholarship, the students have to answer a scholarship test and qualify for the same by scoring at least 70% marks.

This is a short test and will not take more than 10 minutes of the students. This ensures that they can answer it without spending much time if they have exams ongoing.

Terms and conditions

This invitation is only valid for students of 'BITT Polytechnic' and cannot be shared with students of any other institute.

Keeping this in mind, please inform your students about the scholarship at the earliest.

You can share the link directly on WhatsApp from here: <https://info.boltiot.com/whatsappshare>

As part of this internship, the students will work after their regular class hours and on weekends. We shall ensure that their regular study schedule is not affected. Here is a link to the detailed job description for your reference. Do share the same with the students of BITT Polytechnic.

What are the steps to apply for internships?

Step 1: Students will have to answer a scholarship test to qualify for participating in the program. The selected students will be eligible to join Bolt's Voice Assistant Apps Training at an 80% discount. They only have to pay Rs. 1,750/- towards the training. The original price of the training is Rs. 8,600/-. We charge a small fee to cover

for our costs and to ensure that only interested students join the program. To answer the scholarship, students have to visit <https://info.boltiot.com/voiceappsscholarship>.

Step 2: Our team of developers will train the students on the concepts of building Voice Assistant Apps via online video training.

Step 3: Upon completion of the training, the students will be issued a certificate which can be submitted as per university rules.

Step 4: We offer an assured technical Internship to all the students who join and complete the training. Students will get an email with the details of their internship project task after completing the training, a certificate will be issued upon internship completion as well.

Other critical points:

The option of full refund: In case the students are not happy with the training offered to them, then they can get a full refund as per the refund policy. This ensures that there is no risk for students or the faculty involved in the process. Lifetime access: Students can register now and start the training after the exams or at any other time.

How to avail of the scholarship and apply for the program?

To avail of the scholarship, the students have to answer a scholarship test and qualify for the same by scoring at-least 70% marks.

This is a short test and will not take more than 10 minutes of the students. This ensures that they can answer it without spending much time if they have exams ongoing.
